

**Listing of Claims:**

1.-2. (Cancelled)

3. (Previously Presented) A stent graft, comprising an endoluminal stent and a graft, wherein said stent graft further comprises a vessel wall irritant and wherein when implanted into a blood vessel, said stent graft induces or accelerates an *in vivo* fibrotic reaction at a tissue in the vicinity of said stent graft.

4. (Original) The stent graft according to claim 3 wherein said vessel wall irritant is selected from the group consisting of talcum powder, metallic beryllium, and silica.

5.-10. (Cancelled)

11. (Previously Presented) The stent graft according to claim 3 wherein said stent graft is bifurcated.

12. (Previously Presented) The stent graft according to claim 3 wherein said stent graft is a tube graft.

13. (Original) The stent graft according to claim 12 wherein said stent graft is cylindrical.

14. (Previously Presented) The stent graft according to claim 3 wherein said stent graft is self-expandable.

15. (Previously Presented) The stent graft according to claim 3 wherein said stent graft is balloon-expandable.

16.-56. Cancelled)
